

# Mission, Vision, Value Statements & Slogans

## Mission

Constellation Schools provides every child an opportunity to obtain an excellent education built on a foundation of character education for life long success.

## Value

**We** believe all children deserve an exceptional education in a safe, caring, nurturing environment.

**We** will create a student focused community of global learners where children excel, are responsible, ethical world citizens, prepared for success in career, college and life.

## Organization Slogan

*The Right Choice for Parents  
and a Real Chance for Children!*

## Vision

Constellation Schools will create an exceptional learning community characterized by high expectations and academic excellence.

**Our** students will be actively engaged life-long global learners and be responsible, compassionate involved world citizens.

**Our** families will support their children and school as important, welcomed members of our diverse learning community.

**Our** teachers will be inspiring, compassionate and committed to the success of every student.

**Our** leaders will provide superior service, resources, and support to engage the community and ensure the success of every student.

**Our** Board of Directors will guide our school in creating a culture of excellence that ensures the success of every student.

## Character Education Slogan

*Remember*

*We all have Choices.*

*Choices have Consequences.*

*Be Smart and Make the Right Choice!*

# Constellation Schools & Its History

## A Beginning

Constellation Schools evolved from the desire of a small group of individuals to open a Montessori school in Cleveland's Old Brooklyn neighborhood. After a lot of hard work and many community meetings held over the course of two years, a change in Ohio law establishing community schools (or "charter schools") led to the creation of Old Brooklyn Montessori School (OBCE). OBCE opened in August of 1998 with three employees and 27 students.

## The Purpose of Constellation Schools

Constellation Schools is an umbrella management organization, providing business, administrative, educational and financial support services to its managed schools. This structure allows these overhead expenses to be spread over all the schools, reducing the financial burden on individual schools. With Constellation performing most of the administrative functions, the building principals and teachers are freed up to do what they do best – educate children. Administrative centralization also eliminates duplicative services at each school. This type of efficiency is often used in business to increase efficiency. Within Constellation, it serves to improve performance and accountability. As the schools benefit from administrative centralization, more resources are available for students and teachers, resulting in more opportunities for students and better schools.

## Success of the Organization

In twenty years, Constellation Schools has grown from one school, 27 students, and 3 employees to fifteen schools educating more than 4,800 students and over 550 employees. A total of eleven buildings are owned by the schools which occupy them evidencing their acceptance within their communities and their financial strength.

## Conclusion

The founders of Constellation have established a community of schools that benefit from outstanding participation and support from staff, students and parents. Constellation has developed a reputation for its high standards and dedicated teachers, and for delivering a quality educational program in a safe and pleasant environment.

## Constellation Schools Celebrating 20-Years of Education Excellence

Constellation Schools celebrates its twentieth year of education excellence, offering parents a high quality choice when it comes to selecting a school that best meets the needs of their children, and provides a safe, nurturing learning environment. Built on a foundation of character education, and focused on academic excellence, our small classes allow teachers to get to know the whole child and engages students through interactive lessons in technology rich classrooms. Our highly qualified teachers are committed to ensuring that every student has an opportunity to experience academic success. We recognize it is a privilege to serve our families and have our parents as partners in the education of their child. Visit any of our school locations and see why Constellation Schools are The Right Choice for Parents and a Real Chance for Children.

## Chairman's Message

The 2017/2018 school year has been another great year for Constellation Schools, culminating with our organization being recognized as a 2018 Top Workplace by the Cleveland Plain Dealer and cleveland.com. This vote of confidence from our employees reinforces our belief that not only are we doing what's right for the children that we educate, but that we are doing right by the nearly 600 employees who have made Constellation Schools their career choice.

As always, our schools continue to have a focus on academic success. We understand that not every child learns the same way or at the same pace. By concentrating on student data, and interpreting that data, our educators are able to individualize and differentiate instruction to meet the needs of each student. This has resulted in significant increases in student growth throughout our schools. Our teachers work hard to meet students where they are and create educational supports designed to help every student experience success.

Ensuring that our students had access to technology resources remained a high priority this past year. In the classroom computers are just one of the many educational tools available to our teachers and students. However, we understand that our society is becoming reliant on technology and that for our students to compete and be successful in the future that they will need to be competent and knowledgeable in this area.

The Positive Behavior Intervention and Support Program (PBIS) that we initiated has been successful, with every school reporting improved student behavior, fewer disruptions, fewer office referrals and suspensions, and more time focused on learning. The PBIS program, coupled with the continued focus on our character education program, provides students with information and feedback they can use to regulate their behavior.

Community outreach and involvement was also expanded during the 2017/2018 school year. Partnerships with University Hospitals, Bellefaire, the Cleveland Public Library, the Near West Theater, Cudell Recreation Center, Urban Bright Community Art, and the Greater Cleveland Aquarium provided additional supports and learning opportunities for our students and families. Partnerships with the Greater Cleveland Food Bank, St. Jude's, Leukemia/Lymphoma Society, and Providence House provided students opportunities to give back to their communities and experience the joy in doing so.

Many schools also continued the expansion of extracurricular activities they offered, providing students with even more diverse ways to engage with the school and one another.

During the coming school year Constellation Schools will implement an initiative to provide students with a safe and supportive school environment by working to create trauma-sensitive schools. Research shows that many children today are impacted by trauma in one form or another and, that trauma impacts a child's ability to learn. We view this initiative as an extension of the character education foundation we have built our schools around.

Finally, and not surprisingly, our dedicated and compassionate teachers and staff continue their hard work to ensure that every child has an opportunity to experience success and receive the high quality education he or she deserves. It is their efforts that make Constellation's community schools:

The Right Choice for Parents and a Real Chance for Children!

# Parent Notification System

The Trusted Platform  
for School Community Engagement

## Parents and Guardians

### You can take advantage of our Text Messaging Service

Our school utilizes the SchoolMessenger system to deliver text messages, straight to your mobile phone with important information about events, school closings, safety alerts and more.\*

You can participate in this free service\* just by sending a text message of “Y” or “Yes” to our school’s short code number, **67587**.

You can also opt out of these messages at any time by simply replying to one of our messages with “**Stop**”.

SchoolMessenger is compliant with the Student Privacy Pledge™, so you can rest assured that your information is safe and will never be given or sold to anyone.

Constellation Schools will be implementing a new notification system through SchoolMessenger. This system will have the ability to notify parents through voice calls, e-mail and SMS (text messaging). Please visit the school office to make sure your cell phone is on record before you opt-in to the SMS feature.

**Look for more information to follow!**

Thank you!

Opt-In from  
your mobile  
phone now!

Just send  
“Y” or “Yes”  
to 67587

**i** Information on SMS text messaging and Short Codes:

SMS stands for Short Message Service and is commonly referred to as a “text message”. Most cell phones support this type of text messaging. Our notification provider, SchoolMessenger, uses a true SMS protocol developed by the telecommunications industry specifically for mass text messaging, referred to as “short code” texting. This method is fast, secure and highly reliable because it is strictly regulated by the wireless carriers and only allows access to approved providers. If you’ve ever sent a text vote for a TV show to a number like 46999, you have used short code texting.

**\*Terms and Conditions** – Message frequency varies. Standard message and data rates may apply. Reply HELP for help. Text STOP to cancel. Mobile carriers are not liable for delayed or undelivered messages. See [schoolmessenger.com/txt](http://schoolmessenger.com/txt) for more info.

# Educational Plans/Programs

Our curriculum is aligned with the Ohio Academic Content Standards and is designed to guide students toward their grade level goals. Content areas include: reading/language arts, math, science, social studies, art, music, physical education/health and computers. During the 2017/2018 academic year, all Constellation Schools utilized the Common Core Standards to prepare our students for the AIR Assessments. With the state's adoption of the Common Core Standards in English language arts and math and newly revised science and social studies standards, teachers prepared students for the AIR assessments for grades 3 –12. Teachers made the necessary adjustments to our current curriculum in an effort to stay aligned with the state standards.

Title 1 services (small grouping with a reading/math teacher) and Special Education Services are implemented to assist students who qualify for special services. Numerous online programs are utilized as part of our Response to Intervention program in an effort to move children through the intervention pyramid.

In the second year of our 1:1 laptop program, teachers increased the use of technology tools to engage their students and improve academic achievement. In addition to G Suites for Education (Google Apps), the use of our online curriculum and other educational apps provided our students with personalized and differentiated learning activities. From practicing basic keyboarding and mouse skills to learning to code and screencast, our students honed transferable technical skills necessary for future success. Our eleven technology integration coaches provided support through lesson planning, co-teaching, and professional development sessions. As a team, teachers and coaches continue to strive for a balanced effective technology usage.

Teachers establish high academic measures for achievement and behavior in their classrooms, through age appropriate teaching methods, all students will reach or exceed their maximum potential. The cornerstone of our academic program is our strong emphasis on Character Education, which permeates throughout our curriculum. All of our classrooms and hallways have a variety of posters and bulletin boards that define acceptable character. Good behavior and appropriate manners from everyone is a constant expectation of our students and staff. Character Education enhances our educational plan while securing a safe and nurturing learning environment for all of our students.

Students were able to highlight their talents and skills with assorted programming throughout the year. The All Constellation Spelling Bee brought together the top spellers from each school in February. In January, the All Constellation Science Fair provides students with the opportunity to share various science projects. Eighteen students continued their Science knowledge and participated in the CONSEF schools engineering and Science Fair, which included competition from 7 states. In addition to the Science Fairs the eighth grade students participated in a the All Constellation Schools Science Invention Fair which was held in March. Many students from several of the Constellation Middle School participated in Power of the Pen . This competition

showcases the writing talents of our students. Finally, the All Constellation Music and Arts Festival in May provided our students studying instrumental and vocal music a chance to showcase their talents as well as the Art talent in several of our schools. Afterschool clubs are offered in a variety of our schools addressing such interests as: drama, basketball, volleyball, comic books, reading and art clubs. All of these programs are organized and facilitated by staff who go above and beyond to provide our students with a well-rounded education rich with opportunities.

# Professional Development

## **Professional Development**

Constellation Schools are committed to improving student learning by providing professional development activities that are research-based and relevant to individual school's needs. The professional development will be sustained over time, and incorporate technology so that each participant will have the confidence and capabilities to provide rigorous instruction that challenges students' thinking. Through professional development we can ensure all students reach their full potential to contribute to a democratic society including maximizing each student's abilities and encouraging self-reflection and a lifelong love for learning.

Our Local Professional Development Committee (LPDC) follows all state requirements to renew teaching/principal certificates and licensures.

Several Professional development opportunities were provided before the start of the school year such as:

- PBIS
- Technology integration
- Max teaching strategies
- Special education procedures
- Curriculum
- Health training
- Classroom management
- Test taking strategies

**Search for Children with Disabilities Underway**-School districts across the state of Ohio are participating in an effort to identify, locate, and evaluate all children from birth through 21 years of age who may have disabilities. Disability, in this instance, means such conditions as hearing impairments, visual impairments, speech or language impairments, specific learning disabilities, emotionally disturbed, multiple disabilities, mental retardation, other health impairments, physical impairments, autism, and traumatic brain injury. Public schools have responded vigorously to federal and state mandates requiring the provision of a free appropriate public education regardless of a child's disability. But before school districts can serve children, they must be found. Many children with disabilities are preschoolers. Parents may not be aware their child has a disability or that there are programs and services available. All information collected will be held in strict confidence and released to others only with parent permission or as allowed by law. For example, the school district will send records on request to a school district or other educational agency in which a student intends to enroll. The parents may have a copy of those records upon request. The school district will keep a record of all persons who review confidential records with the exception of authorized school employees, or other educational agency personnel. The school will also maintain a list of those employees who may have access to records.

## **Professional Development Coaches:**

The Professional Development Coach provides a framework of support and professional development for all teachers. The coaches create an atmosphere for collaboration and teamwork in helping to achieve the goals of the school. Professional development coaches provided various workshops to enhance academic and professional growth for the teachers and the schools. Several professional development opportunities included:

- Curriculum support
- Classroom management
- Data analysis
- Student motivation
- Writing across the curriculum
- Technology integration
- Improving reading and math instruction

## **Resident Educator Program:**

The Ohio Resident Educator Program is a comprehensive, four-year initiative to assist beginning teachers with mentoring and professional development as they start their education careers. Ohio Revised Code 3319.223 and Ohio Administrative Code 3301-24-04 provide the basis for the Ohio Resident Educator Program and the requirement to successfully pass the Resident Educator Summative Assessment (RESA). When teachers successfully complete program requirements, including the RESA component, they become eligible for a professional teaching license. Teachers take the RESA in year 3 of the four-year program. A resident educator Mentor is provided to all teachers in the Resident Educator Program. Mentors and Resident Educators collaborate in the areas of instruction, assessment, lesson planning, and student achievement. Mentors offer onsite, individualized support to teachers in order to meet the needs of the teachers and their students.

# Special Services

Constellation Schools has a commitment to provide a free and appropriate public education for children with disabilities in accordance with state and federal laws, rules, and regulations. In that endeavor, the Educational Support Services Department works to assist all of our schools in the following specialized areas: Special Education, Psychological Services, Speech and Language Services, School Health Services, Occupational Therapy Services, and Physical Therapy Services. Additionally, the Educational Support Services Department assists each of our schools in creating and maintaining their Response to Intervention Process, Grade Level Intervention Teams, writing Section 504 Plans and Title I support.

## **Psychological Services**

Psychologists employed by Constellation Schools are Ohio Department of Education licensed and have specialized training in both psychology and education. They collaborate with parents and community agencies in order to coordinate services and interventions for students. They provide consultative services to educators and are members of the school-based intervention teams. School psychologists assist in assessment, eligibility, and program planning for students with disabilities as part of a range of special education services that Constellation Schools provides. Counseling may be delivered to special education students who demonstrate behavioral difficulties that impede their educational progress. Crisis intervention is also provided when necessary.

## **Speech & Language Services**

Good communication skills are important for speaking, listening, reading, writing, and learning at school. Some students have communication difficulties that can interfere with their ability to understand and participate in classroom instruction and impair their relationships with teachers and other children. Students who are formally identified as having communication problems that adversely affect their education are eligible to receive speech and/or language services from a speech & language pathologist. Speech & language services can be provided in a variety of ways, depending on the student's needs. Collaboration with teachers is important to ensure the student's communication goals are integrated into the classroom.

## **School Health Services**

Constellation Schools promotes health and wellness through a coordinated school health program. Our program focuses on collaboration between administrators, staff, families and the community to ensure that our students learn in a healthy school environment and obtain a state of health and wellness that will allow them to learn and achieve their maximum potential. School health services, one component of this coordinated school health program, is provided by professional school nurses. School nurses are committed to improving health outcomes, academic achievement,

And life-long achievement for all students at Constellation Schools. To that end, the school nurses of Constellation Schools follow the Standards of School Nursing Practice (National Association of School Nurses) and the state and federal laws that govern health services in schools.

## **Occupational Therapy Services**

School-based occupational therapy is available for students who are eligible for special education services. The profession of occupational therapy is concerned with a person's ability to participate in meaningful and purposeful daily life activities or "occupations." In the school setting, the role of the occupational therapist is to help children perform important learning and school-related activities in order to fulfill their role as students. Occupational therapy services support a child's participation in occupations of daily living (dressing, eating, etc.), academic areas, play, leisure, and social interactions. As part of the educational team within a school setting, occupational therapists work closely with the student, parents, and educators to identify the skills of the student, the demands of the environment, and appropriate solutions for interventions based on each child's unique needs.

# Technology

Using technology is an important part of life at Constellation Schools. We provide many technology tools to our students, to create a superior learning environment where they can explore new ways of working, delve into the practically unlimited encyclopedia of available knowledge, and understand the ways information is shared and problems are solved. Constellation recognizes the importance of learning in a safe environment, so we train our teachers to guide student learning, and back them up with a powerful set of filters and firewalls that keep our computer network focused on academic success.

We invest heavily into classroom technology, and are better equipped than most public schools. Nearly every classroom is outfitted with a large interactive board, where the teacher and students can view and manipulate information on a giant computer screen. Each interactive board can be used to share an internet web quest with the entire class, or allow individual students to physically interact with digital objects on screen, moving, changing, writing, and drawing to get the point of the

lesson. They make a fantastic big screen for videos from Discovery Education too! This is a subscription to a wealth of videos and lesson materials from The Discovery Channel. We subscribe because we know children today are "digital natives" who respond better and engage more when multimedia is used for teaching.

Our teachers receive significant technology training, from after school workshops to one-on-one sessions with technology integration coaches. Constellation provides training in Google Apps for Education and other web-based tools to support our 1:1 laptop initiative. Constellation students in grades 2-12 participate in our 1:1 laptop program. They receive a laptop to use in school, and after extensive lessons on digital citizenship, online safety and laptop care, they earn the privilege to take their laptops home in the provided laptop bag. To prepare our kindergarteners and 1st graders, our students have access to either desktops or laptop to begin typing and computer basics. Our teachers integrate technology in many innovative and creative ways at all grade levels.

From our Mission Statement to our individual students, we strive to ensure the success of every child in our advancing technological society. As technology is becoming more and more a tool for 21st Century Learning. Constellation Schools is committed to providing every student a technology rich learning environment.

# Student Enrollment, Attendance & Demographics

**2017-2018 Student Monthly Attendance Percentage**

## About Our Students

Students at Lorain Community Middle are enrolled on a first come, first served basis during the first two weeks of December. Those students who are currently enrolled are ensured a place for the following school year if they enroll during these two weeks. If more students apply than there are spots, a lottery is held and a waiting list is formed.

### Student per Class/Teacher Ratio for 2017-2018

24 Students : 1 Teacher maximum

121 Students Enrolled

100% Eligible for Low Income

### Demographics

- 0% Asian
- 25% African American
- 26% Caucasian
- 45% Hispanic
- 4% Multiracial
- 0% Other

## Student Demographics

- Asian 0%
- African American 25%
- Hispanic 45%
- Multiracial 4%
- Caucasian 26%
- Other 0%

## Student Gender

- Male 50%
- Female 50%

## Home School Notification

The school is a public school and students enrolled in and attending the school are required to take achievement tests and other examinations prescribed by law. In addition, there may be other requirements for students at the school that are prescribed by law. Students who have been excused from the compulsory attendance law for the purpose of home education as defined by the Administrative code shall no longer be excused for that purpose upon their enrollment in a community school.

# NWEA Assessments

The NWEA assessments are: Measures of Academic Progress® (MAP®) – These computerized tests are adaptive and offered in Reading, Language Usage, and Mathematics. When taking a MAP® test, the difficulty of each question is based on how well a student answers all the previous questions.

~Percent Met Projection indicates the percent of students that met their individual student growth measure.

**Sponsor’s Legal Compliance Assessment:** Ohio Revised Code (ORC) 3314.03(D)(2) specifies that the sponsor of the school must “monitor and evaluate the academic and fiscal performance and the organization and operation of the community school on at least an annual basis.”

In its evaluation of school performance, Buckeye Community Hope Foundation (BCHF) assesses the performance of the school on each of the required Ohio School Report Card indicators and on performance measures listed in the charter contract. BCHF monitors the performance of the community school thru attendance at board meetings, bi-monthly visits to the school, monthly reviews of financial reports and quarterly reviews of academic progress reports along with a number of other reports relative to the school performance. Buckeye Community Hope Foundation served as the sponsor for Constellation Schools: Lorain Community Middle during the 2017-2018 school year, and found the school substantially compliant with the rules and regulations governing community schools.

All community school sponsors are required to submit a written report of the evaluation results of the school’s academic, financial, and organization performance as well as the school’s legal compliance to the Ohio Department of Education and make the report available to parents of students enrolled in the community school. As such, an Annual Report regarding the performance of this school and other schools under the sponsorship of Buckeye Community Hope Foundation will be posted on our website [www.buckeyehope.org](http://www.buckeyehope.org), no later than November 30, 2018.

# Constellation Schools Lorain Community Middle Financial Report for Fiscal Year 2018

The Cash Basis Report of Revenues and Expenditures for the Year ended June 30, 2018 reflects the activities of Constellation Schools: Lorain Community Middle during the year. The information provided below refers to this report and the accompanying graphs.

**Highlights for the Year:** ✓ 12th annual audit issued for 2017 with an “unqualified opinion” (best opinion available)  
✓ In Fiscal Year 2018 the school continued the 1 to 1 computer program for all students.

## Revenues

The largest source of operating revenue (84%) comes from the State of Ohio School Foundation Program. This funding is earned at a base rate of \$6,010 for each student enrolled during the year. Additional funds are provided for the special needs of students, the poverty level of the community in which each student resides, and other adjustments. Casino tax proceeds are also included in this category.

State and Federal Grants (14%) supplement school operations for specific purposes. The school received grants for Title I Intervention, Professional Development, Special Education, Child Nutrition Services, and Electronic Communications.

Other income (2%) includes field trip collections, student fees, contributions and donations, and other miscellaneous items.

Constellation Schools: Lorain Community Middle	
Cash Basis Statement of Revenues and Expenditures for the Year ended June 30, 2018 (Unaudited)	
<b>Beginning Cash - July 1, 2017</b>	<b>\$ 274,631</b>
<b>Revenues</b>	
State Foundation	\$ 1,056,965
State & Federal Grants	\$ 182,705
Other Income	\$ 23,545
<b>Total Revenue</b>	<b>\$ 1,263,215</b>
<b>Expenditures</b>	
Personnel	\$ 505,416
Retirement & Benefits	\$ 164,080
Purchased Services	\$ 527,731
Supplies & Materials	\$ 34,492
Capital Outlay	\$ 13,787
Other	\$ 18,075
<b>Total Expenditures</b>	<b>\$ 1,263,581</b>
<b>Ending Cash - June 30, 2018</b>	<b>\$ 274,265</b>

## Expenditures

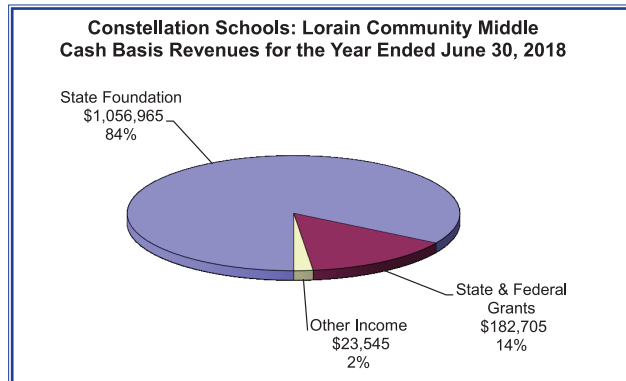

Personnel services, combined with retirement and benefits, accounted for 53% of the expenditures for the year. These expenditures include principal, support staff, teachers, state retirement systems, employment taxes, and health insurances.

Purchased services (42%) include expenditures for student support services (speech, psychologist, health and occupational therapy), contracted substitutes, field trips, professional development, management services, sponsor services, test scoring, data reporting, facility operations, equipment leases, telephone, postage, travel, marketing, printing, food services, and other services.

Supplies and materials (3%) include instructional supplies, testing materials, office supplies, medical supplies, instructional software, online instruction, and maintenance supplies.

Capital Outlay (1%) includes purchases of classroom technology.

Other (1%) includes audit fees, insurances (property, liability, fidelity bond, directors & officers), dues and subscriptions, and other miscellaneous.

## Additional Information

A more detailed set of financial statements may be obtained by calling (216)712-7600, writing to the Treasurer, Constellation Schools 5730 Broadview Road, Parma, Ohio 44134 or by e-mail at the following address: [zito.caroline@constellationschools.com](mailto:zito.caroline@constellationschools.com).

During the fall of 2018 an audit of the school's financial records for the year ended June 30, 2018 will be completed. The audit report should be available during the winter at the above address and on the Auditor of State's website: [www.auditor.state.oh.us](http://www.auditor.state.oh.us).
