STUDENT CONDUCT 4.2010

The School is a “character education” school in addition to being focused on high academic achievement for children, and we believe it is important to live and practice the values, positive character traits and behaviors that we teach every day. Character development is an essential part of the education that takes place in the school. To ensure an environment conducive to learning we have developed specific rules, regulations, policies and procedures to provide guidance to (1) students – so that there will be no ambiguity as to what is expected, and, (2) staff – so that when it is necessary to discipline a student, it will be done fairly and respectfully. It is essential that the disciplinary policies and procedures adopted by the Board be consistently applied to all students. All employees are expected to know and enforce these policies and procedures. Disciplinary Policies and Procedures may be amended or modified, from time-to-time, as the Principal deems necessary and/or advisable. Our expectations are as follows:

- Students will respect authority and conform to school rules of conduct
- Students will be respectful of one another
- Students will respect the rights and property of others, including teachers, students, and the school
- Non-violence, peace and concern for one another is the foundation of all school activity
- Each person possesses unique gifts that should be recognized and accepted
- Students will attend school every day, be on time, and be prepared to learn
- Students will comply with the appropriate dress code each day and will present a neat, clean appearance
- Students will exercise self-discipline and self-control in all aspects of school activities
- Students will assist in maintaining an orderly, clean school environment
- Students have an affirmative obligation to report violations of this Code of Conduct or other School policies and rules

Please refer to the complete School Policy 4.2010, which is available on our website at www.constellationschools.com

DISCIPLINARY ACTION 4.2010.3

Progressive discipline will be utilized whenever possible and appropriate; however, there may be instances where circumstances dictate immediate remedial and corrective actions to protect Students, Staff, or the School. In these cases, the Principal may determine the necessary disciplinary action and the timing of such action.

Please refer to the complete School Policy 4.2010.3, which is available on our website at www.constellationschools.com

CONDUCT AND/OR BEHAVIOR INFRACTIONS 4.2010.6

All students are expected to conform to the Student Code of Conduct at School, on the School premises, at School activities or functions whether on or off the School premises and on transportation to and from School, if paid for or provided by the School and are subject to the School's disciplinary process when they fail to do so. Students may also be subject to the School's disciplinary process for a violation of the Student Code of Conduct, regardless of where it occurs, if the misconduct is directed at School Staff or their property, or otherwise in accordance with law.

Please refer to the complete School Policy 4.2010.6, which is available on our website at www.constellationschools.com

ANTI-HARASSMENT, INTIMIDATION AND BULLYING 4.2020.1

The School prohibits acts of harassment, intimidation, or bullying (including cyber-bullying) of any student on school property or at school-sponsored events (any event conducted on or off School property, including School buses and other School related vehicles, that is sponsored, recognized or authorized by the Board). A safe and civil environment in the School is necessary for students to learn and achieve high academic standards.

Please refer to the complete School Policy 4.2020.1, which is available on our website at www.constellationschools.com

ANTI-HAZING 4.2020.2

The School prohibits all acts of hazing. Hazing, like other violent and disruptive behaviors, is conduct that disrupts both a student's ability to learn and the School's ability to educate its students in a safe and civil environment.

Hazing or hazing activity means doing any act or coercing another, including the victim, to do any act of initiation into any student or other organization that causes or creates a substantial risk of causing mental or physical harm to any person. For purposes of this Anti-Hazing policy, mental harm means mental stress, anxiety, physical injury, sickness, injury to feelings, humiliation, mental anguish, and/or depression, connected to and arising from the hazing activity. Permission, consent or assumption of risk by an individual subjected to hazing does not lessen the prohibition contained in this policy.

Hazing activities of any type are inconsistent with the educational process and are prohibited at all times, regardless of whether the activity occurs on or off of property owned, used or controlled by the School, so long as the hazing activity is in any way connected to the activities or incidents that have occurred on property owned, used or controlled by the school. This policy will be actively enforced at all times.

Hazing is a violation of School policy separate and distinct from harassment or other prohibited conduct. No student, including leaders of student organizations, may plan, encourage or engage in any hazing activity. Students having engaged in hazing activity and who fail to abide by this policy are subject to disciplinary action including suspension, expulsion, removal or permanent exclusion as set forth elsewhere in this policy manual and may be liable for civil and criminal penalties pursuant to State law.

Staff are to be particularly alert to possible conditions, circumstances or events, which might include hazing. If hazing or planned hazing is discovered, involved students are informed by the discovering Staff member of the prohibition contained in this policy and are required to end all hazing activities immediately. All hazing incidences are reported immediately to the Principal or his/her designee.

No Staff shall encourage, permit, condone or tolerate any hazing activities, and Staff who fail to abide by this policy may be subject to disciplinary action and may be liable for civil and criminal penalties pursuant to State law. *R.C. 2307.44, 2903.31; 3313.661*

GANG ACTIVITY 4.2020.3

The Board believes gangs or gang activity create an atmosphere that seriously disrupts the educational process.

Students are prohibited from engaging in gang activities while at School, on School property, or at School-sponsored events.

As used herein the term "gang" means any ongoing organization, association, or group of three (3) or more persons, whether formal or informal, having as one of its primary activities the commission of one or more criminal acts, which has an identifiable name or identifying sign or symbol, and whose members individually or collectively engage in or have engaged in a pattern of criminal activity.

The term "gang Activity" shall mean any conduct engaged in by a student 1) on behalf of any gang; 2) to perpetuate the existence of any gang; 3) to effect the common purpose and design of any gang; or 4) to represent gang affiliation, loyalty or membership in any way while on School grounds or while attending a School function. These activities include recruiting students for membership in any gang and threatening or intimidating other Students or Staff to commit acts or omissions against his/her/their will in furtherance of the common purpose and design of any gang.
